

## BGS AUTUMN MEETING

WEDNESDAY 22ND NOVEMBER • 17.00 – 18.00  
ROOM 3, ExCeL LONDON

# Nocturia:

Thinking beyond  
the bladder

**Chair** Dr Susie Orme  
Mr Dudley Robinson  
Dr Evangelos Vasileiadis

Nocturia is a common reason people wake up during the night. It is bothersome for most, but the consequences can be far reaching, particularly in the elderly population.

Join us as we explore the common causes of nocturia and discuss recent developments in treatment, with a particular emphasis on the patients we care for.

### AGENDA + FACULTY

- 17:00** **INTRODUCTION**
