

# The 24th Annual Cardiovascular

## SIG Meeting

**Cardiovascular ambulatory care in the older person**

**what is possible?**

**24th January 2020**

London

**Cardiovascular ambulatory care in the older person what is possible?** This event is intended for clinicians and healthcare professionals working with older people with cardiovascular disease. The day will include keynote presentations from experts in the field, symposia, and exhibitions from commercial organisations. The event will be demonstrating best practice approaches available. We hope you will make contacts and start collaborations which will continue on from this meeting.

### Meeting aims

- Further attendee's overall knowledge and understanding of current research and practice in healthcare of older people with cardiovascular disease
- Improve attendee's skills in the treatment and care of older people with cardiovascular disease
- Inspire attendees to achieve personal excellence in healthcare of older people
- Take away new activities and ideas to progress their workplace's services and improve coordination amongst healthcare professionals

**British Geriatrics Society**  
**Cardiovascular Section**

This meeting has been applied for CPD accreditation from the Royal College of Physicians (RCP).

- How to live well with a chronic disease

Registration and programme at <https://tinyurl.com/BGSAUT2019>

## Family-friendly and breastfeeding space

We have introduced family-friendly space at BGS conferences that have access to live streams of the main presentations.

During registration please indicate your intention to use this space. The space will have access to toilets and catering facilities as normal for delegates. In the space will be some toys, books and games as well as a nappy bin. Please note that the venue might not be able to accommodate warming of food, have dedicated baby changing facilities and some may require you sign a waiver having brought your own food onsite.

We know its important to our changing workforce and we ask that you understand we work within the constraints that limit us. We ask where possible that you are accompanied by a partner, family member or carer so you can attend the sessions. We won't charge for partners to be present but we can't guarantee you'll be able to sit in the sessions with your child(ren) all the time. With access to the livestream and slido for questions we hope you can be as engaged as possible. We know this might not be adequate enough in all cases, and do ask for your understanding on this.

If you require further details please contact [g.collingridg@bgs.org.uk](mailto:g.collingridg@bgs.org.uk)

## Livestreaming

If you can't make the meeting in person, we will be live streaming the conference.

Registrations online will be possible until the day of the meeting. To register please visit [www.bgs.org.uk/events](http://www.bgs.org.uk/events) and search for the Live Stream

Please log into your BGS online account or create an account to register for the event. Once registered a link to the livestream will be emailed on the day of the meeting.

### CPD

Those attending the meeting in person will be issued a CPD certificate. Those joining by livestream can apply for external CPD for a maximum of 5 CPD hours each year.

With a good internet connection, watching an event on Livestream can take place in a number of ways.

See <https://help.livestream.com/hc/en-us/articles/360002050888-How-Do-I-Watch-an-Event-on-Livestream-> for more details
