

Autumn Meeting 2023

22 -24 November

Vox, Birmingham & Online (Hybrid meeting)

Five top tips for getting the most out of your meeting:

1. Record your attendance

Online: Attendance should be recorded by clicking “Sign in for CPD today” on the event platform each day you attend.

In person: Attendance should be recorded by scanning in at the registration desk using the QR code on your joining email or providing your name.

You will receive a CPD certificate for the days you have joined ‘live’ online only. Viewing the content post-event won’t be certified, but certificates are not required to claim CPD via the RCP diary.

2. Give feedback

Please take the time to fill out the feedback form after each session. It is mandatory for CPD but also helps us improve our conference and provides invaluable information to our speakers about their presentation.

3. Visit our sponsors

Please review the symposia and spotlight sessions in this programme and consider watching. Challenge yourself to spend 5 minutes during the next 3 days to speak to a sponsor.

4. Join the discussion

All delegates are encouraged to ask questions for the speakers and panel discussions. If you are thinking it, someone else is too, so please use the ‘Ask’ function on the online platform or the microphone in the room. If you’re tweeting, tag us at [@GeriSoc](#) and use the hashtag [#BGScnf](#).

5. Get social

Chat with attendees, join a socialising event or interact in a group discussion. See the programme for social activities including a Bear Grylls Adventure, conference dinner and meet ups.

With grateful thanks to our sponsors:

AstraZeneca, Abbott Nutrition

AstraZeneca have provided a sponsorship grant towards this independent Programme. AstraZeneca have had no editorial input into or control over the agenda, content development or choice of speakers, nor opportunity to influence, except for the AstraZeneca sponsored symposia presentations. They have not had any input or influence as to the content of the programme. Sponsored symposia and Spotlight on sessions are not eligible for external CPD and are intended for a healthcare professional audience in the UK.

We are excited to welcome delegates back to in-person conferences and we can't wait to share the delights of Birmingham with you. We hope this Autumn Meeting will offer you the opportunity to refresh, relax and refocus. Please take time during the conference to reflect, sit a while or catch up with colleagues.

We have organised a number of social activities throughout the conference which we encourage you to take part in, as well as explore the delights the West Midlands has to offer. Please see the below timetable to help plan your time.

Friday 24 November OncoGeriatrics Stream in partnership with The Royal College of Radiologists (RCR) and International Society of Geriatric Oncology (SIOG)

RCR and SIOG members can register with a discount code that affords them the same registration rate as a BGS Member. Members should check with RCR and SIOG

Those attending the meeting in person will notice some changes to our event delivery as part of our commitment to environmental sustainability.

- We are continuing with the use of **digital platforms** as a core part of our conference and meetings delivery and reducing material used at conferences through paperless conferences.
- The meeting recordings will be **accessible online** for you to watch on demand for 12 months, for all those attending in person.
- We encourage you to **walk, cycle or travel by public transport** to the conference venue where possible.
- Try and remember to bring a **reusable water bottle** with you to the venue. Water will be available from water coolers throughout the venue as well as some packaged water. Please recycle packaging by disposing of it at the correct recycling point.
- We are offering a greater choice of **sustainable, meat-free options** as part of our catering for the event.
- This is a **paperless** meeting and we are not printing hard copies of the programme. Please consult the programme online (www.bgs.org.uk/Autumn23) for session details and timings. This is accessible online via your devices before and during the conference. Large poster programmes will be displayed on boards around the venue for reference.
- CPD certificates will be emailed rather than printed. Remember to scan in each day you are attending at registration, or use the **'Sign in for CPD today'** button on the online platform.
- We will be displaying **paperless posters** in place of traditional physical posters at the meeting. Please look at the poster platform (<https://posters.bgs.org.uk/event/2023-autumn-meeting>) in advance and use the onsite computers and screens at the venue to browse and comment.
- Bring your own pen and pad if you have them, however, the lanyards, pens and pads at our conference are all from recycled origins.

Flexible attendance options: In person or online

Registering for in-person attendance provides access to the online platform as well as the on-demand recordings from the whole event. Registering to watch online is a flat fee, meaning you are able to access the whole meeting live as well as watch back on demand. There is a flexible transfer from in-person to online attendance as clinical service and life balance require.

Guest Lecturer

Dr Lade Smith CBE

Clinical Director (Forensic Services), SLaM and President, Royal College of Psychiatrists

Dr Shubulade Smith is a Consultant Psychiatrist at the South London and Maudsley NHS Foundation Trust and a Visiting Senior Lecturer in the Department of Forensic and Neurodevelopmental Sciences (FANS) at the Institute of Psychiatry, Psychology & Neuroscience (IoPPN), King's College London. Dr Smith was awarded a CBE for services to forensic psychiatric intensive care in the Queen's Birthday Honours 2019.

Dr Smith was voted a BMA pioneering consultant and nominated as a Woman of the Year in 2002 for the development of her 'One Stop Shop', a medication review and physical monitoring clinic for people with mental health problems. She is known nationally and internationally for her work in the hormonal and reproductive effects of antipsychotic medications.

Dr Smith is a clinician with a strong academic focus, using the latest evidence to provide her patients with optimal care. She continues to do research at the IoPPN, looking at the effect of Vitamin D in reducing psychosis (D-FEND); sexual health in people with mental health problems (SHRINE) and culturally-adapted family interventions (CAFI).

Trevor Howell Guest Lecturer

Professor Tahir Masud

Consultant Geriatrician

Nottingham University Hospitals NHS Trust

Professor Masud is a past President of the BGS. He has a longstanding clinical and research interest in falls and osteoporosis and was one of the three co-leads in the recently published World Falls Guidelines in Age Ageing.

After his undergraduate training at the University of Oxford and St Bartholomew's Hospital, London, he gained his postgraduate training in London and Newcastle-Upon-Tyne and research training as a Research Fellow in St Thomas' Hospital London.

He has a research and clinical interest in osteoporosis, falls and education and has published widely in these areas. He has previously been a scientific advisor to the National Osteoporosis Society and is the main organiser of the annual International Conference on Falls and Postural Stability, and the co-organiser of the annual Oxford Course in Osteoporosis and Metabolic Bone Disease.

He also has Visiting Professorships at the Universities of Derby and Southern Denmark and has also served as the Clinical Sub-Dean at the University of Nottingham Medical School.

He is a Past President of the British Geriatrics Society (BGS), the former President of the European Union of Medical Specialists (UEMS)-Geriatric Medicine Section, the current Secretary of the Clinical Section of the International Association of Geriatrics and Gerontology (IAGG)-European Region, and a member of the executive council of the European Geriatric Medicine Society (EUGMS).

Accommodation in recent years has increased in costs and this year keeping costs low is important. BGS have secured some good value rates at hotels with access to the VOX centre.

Please visit <https://zannaevents.vbookings.co.uk/b/bgs> for available options and rates

Other sites and booking directly with the hotels may be cheaper - please do shop around. BGS members can also access preferential rates at the Hilton chain and Yotel chains using the details below.

Workforce

Access to leave: Summer school holidays and safe service delivery

Moderator: Amit Arora

<p>11.30 - 13.00</p>	<p>11.30 Panel discussion Geriatrics services are being developed to be front door oriented with a requirement to provide a safe staffing level all throughout the year. This is in comparison to other specialties where a significant proportion of work is elective or clinic based, and where there can be cancellations for short periods.</p> <p>The Geriatrics workforce is increasingly younger, and this is having serious impact on number of people who can take annual leave on school holidays to spend quality time with their family and provide safe services. This discussion will explore how widespread the issue is, what is being done locally to address and mitigate the impact of this and how to support colleagues where inaction is causing detrimental impact.</p> <p>Vivian Zinyemba, Consultant Practitioner, NHS@HOME Wiltshire Health and Care Dr Tom Downes, Consultant Geriatrician and VP Clinical Quality, BGS</p>
